Allowable Subject Matter

Claims 1, 3, 4, and 6-9 are allowed. The following is an examiner's statement of reasons for allowance:

Regarding the independent claim 1, the prior art of record neither discloses nor suggests an EL device with all the limitations as claimed and particularly the limitation of at least 30% or more in number of the phosphor particles having 10 or more stacking faults per particle. Claims 3, 4, and 6 are allowed due to their claim dependency.

Regarding the independent claim 7, the prior art of record neither discloses nor suggests an EL device with all the limitations as claimed and particularly the limitation of at least 30% or more in number of the phosphor particles having 10 or more stacking faults per particle. Claims 8 and 9 are allowed due to their claim dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
